Provider Directory

INTRODUCTION

CIGNA International has joined with the Saudi Arabian Insurance Company (SAICO) to offer CIGNALinks... Middle East. The program operates in Saudi Arabia, the United Arab Emirates, Bahrain, Qatar, and Kuwait.

This listing covers SAICO's provider network in Dubai and Sharjah. When you go to a network provider, simply present the SAICO ID card, pay any applicable coinsurance, and receive treatment. There are no claim forms for you to file.

For medical services received outside the network, you will need to pay the provider and file a claim with SAICO. Dental and vision services are all out-of-network in the five countries in CIGNALinks... Middle East, so you should pay your provider and file a claim with SAICO.

If you have any questions, please call SAICO Customer Service, which is available 24 hours a day, seven days a week. In Dubai and Sharjah, call

97142958852 (phone)

97142955231 (fax)

And of course you can always call CIGNA International's 24/7 Customer Service Center. Please use the toll-free number indicated on your CIGNA International ID card (if dialing internationally, use that country's AT&T Direct[®] access number). Or call the direct number indicated on your card (reverse the charges).
